For understanding support.

LantheusLink

As the care you need evolves, we can help move that care forward more easily.

Support from Lantheus Link is personalized and informed by more than six decades of experience, so you can feel confident in where to turn when you need help connecting the dots.

Support is many things, so we are, too.

Coverage & Insurance
One-on-one guidance for understanding your plan and working through any possible hurdles.

Affordability
Personalized assistance with financial aid options that may help cover your out-of-pocket costs.

Education & Resources
Education, tools and connection to advocacy groups that understand what you're going through.

Logistics Support
Ongoing support with choosing an imaging site, scheduling appointments and finding transportation.

One source of support.

When enrolled, you're connected to a personal Care Coordinator who will be your ongoing contact for tailored support. They will be your source for:

- Details about Lantheus Link
- Answers about your insurance coverage
- Financial assistance options
- Help locating an in-network imaging center
- Scan scheduling, rescheduling and reminders
- What to expect at your scan
- Transportation support

Here to help connect the dots.

Assistance and experience that you can take advantage of, from coverage support to appointment reminders.

1 **Verifying Coverage**
We'll work with your physician to verify your insurance coverage and handle any denials and appeals.

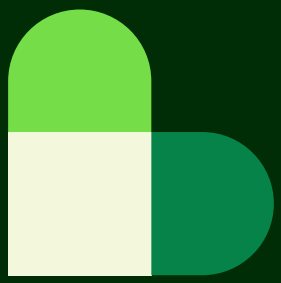

2 **Scan Facility Identification**
We can provide in-network imaging center options for you and your physician to choose from.

3 **Scheduling & Onboarding**
We'll call you to discuss benefits, guide you through appointment scheduling and plan transportation logistics.

4 **Reminders & Follow-ups**
Leading up to your scan, we'll send reminders and assist with rescheduling as needed.

Keep an eye out for our call.

Save our phone number to your contacts so you can see when we're calling.
